FOR IMMEDIATE RELEASE

Median Island Landscape Improvements Begin On Alta Drive Between Decatur And Valley View Boulevards *On-Street Parking Restrictions Start Wednesday, June 22*

Starting Tuesday, June 21, and continuing through Friday, July 8, there will be construction of new median island landscape improvements on Alta Drive between Decatur Boulevard and Valley View Boulevard. On-street parking in the construction area will be restricted starting Wednesday, June 22.

Work hours will be 7 a.m. to 4 p.m. Tuesday through Friday. One travel lane in each direction will be maintained on Alta Drive. Motorists are advised to use Charleston Boulevard as an alternate route.

Roadway improvements in the construction area were completed last year, including new pavement and markings, raised median islands and construction of pedestrian crossings to meet federal Americans with Disabilities Act requirements. The current work consists of pouring concrete foundations and installing decorative metal sculptures and landscape boulders.

City of Las Vegas staff are managing the project and will be installing the landscape improvements, expected to cost \$35,000. The project is funded by Regional Transportation Commission of Southern Nevada Fuel Revenue Indexing and the city of Las Vegas Capital Improvement Project fund.
